SUPER QUICK SETUP

2.4 GHz

Download the LIFX App and sign in/up.

Make sure your light is powered up and turned on.

Hit the + button in the bottom right. We'll guide you through from there.

You can use the code on the back of this manual for quick setup once you're in there.

USING MATTER?

Just scan the code on the back of this manual and pick the smart home platform you want to add your light to.

To use Matter home and away, you'll need a Google, Apple or other smart home hub that's Matter-enabled. Devices with older hardware may not be compatible.

Don't have one? Just use the LIFX app

FAQS

Connectivity, setup and troubleshooting

What type of Wi-Fi do I need?

Like many devices, LIFX lights connect to the 2.4 Ghz band of Wi-Fi, not 5Ghz. If you have more than one available network on your router, you could be connected to 5Ghz and need to try your other network. Almost all Wi-Fi routers will have 2.4 GHz capability, so if you only have one network you will likely be on the right one to get started.

How do I reset a light to factory settings?

Turn the light off and on at the switch 5 times, about one switch a second (not too fast). The lights will cycle through four colors and stop on white when the reset has been successful. This is how you would remove a light from a network to then add it to a new one.

STYLE

CHOOSE FROM 3 LOOKS

INCLUDED IS A DEEP BAFFLE IN WHITE OR BLACK, OR FLUSH TO CEILING IN WHITE.

Remove the black magnetic face for white options. Leave with no face for white baffle, or add the magnetic flush diffuser to spread more evenly distributed light.

Want to match an exact color? Adapt the detachable black face to create a perfect color match with appropriate paint.

SETUP

RETROFIT

CANLESS

Screw the E26 connector into the metal Can, and ensure the orange connectors are plugged together.

Cut a hole with a diameter to suit your product (i.e. 4" for 4" downlight, 6" for 6).

4"

Push fixture into the metal can, ensuring the light is flush with the roof.

6"

Fold back the springs on the side of the light and hook into the metal can. Push fixture in until light is flush with the roof.

Wire the Junction box using the included connectors.

Plug in the downlight and tighten the connector.

Bend back the spring clips, and install into the hole.

Regulations & Compliance.

WARNING—

- Risk of fire or electric shock. LED Retrofit Kit installation requires knowledge of luminaires electrical systems. If not qualified, do not attempt installation. Contact a qualified electrician.
- Risk of fire or electric shock. Install this kit only in luminaires that have the construction features and dimensions shown in the photographs and/or drawings and where the input rating of the retrofit kit does not exceed the input rating of the luminaire.
- To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.
- Do not make or alter any open holes in an enclosure of wiring

or electrical components during kit installation.

- Use only with minimum lamp compartment matching the size of your product listed on the box and in this manual.

THE RETROFIT KIT IS ACCEPTED AS A COMPONENT OF A LUMINAIRE WHERE THE SUITABILITY OF THE COMBINATION SHALL BE DETERMINED BY CSA OR AUTHORITIES HAVING JURISDICTION THIS DEVICE IS NOT INTENDED FOR USE WITH EMERGENCY EXITS

AVERTISSEMENT—

- Risque d'incendie ou de choc électrique . Installation du Kit d'adaptation LED nécessite la connaissance des systèmes électriques luminaires . Si non qualifié, ne essayez pas de l'installation . Contactez un électricien qualifié.
- Risque d'incendie ou de choc électrique . Installez ce kit dans des luminaires qui ont les caractéristiques de construction et dimensions indiquées dans

les photographies et / ou dessins et où la capacité d'entrée de la trousse de réparation ne dépasse pas la capacité d'entrée du luminaire.

- Pour éviter d'endommager le câblage ou à l'abrasion, ne pas exposer le câblage aux bords de tôle ou d'autres objets pointus.
- Ne pas faire ou modifier les trous ouverts dans une enceinte de câblage ou les composants électriques lors de l'installation du kit.

LE KIT DE RATTRAPAGE EST
ACCEPTÉE COMME UNE
COMPOSANTE D'UN LUMINAIRE OÙ
LA PERTINENCE DE LA COMBINAISON
SERA DÉTERMINÉE PAR LA CSA OU

FCC Compliance Statement U.S.

This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the FCC Rules. These limits provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used under the instructions, may interfere with radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and the receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not approved by LIFX can void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Contains **FCC ID: SYW-LCM4**

Industry Canada Compliance.

LIFX complies with all applicable Industry Canada Standards. This Class B RFLD complies with the Canadian standard ICES-005.

Contains **IC: 20416-LCM4.**

RF exposure warning (Industry Canada)

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux

CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radiation Exposure Statement

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment.

Déclaration d'exposition aux radiations

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé.

Changes & modification

Changes or modifications made to this device may void certification of the device. Changes or modifications made to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Frequency Information

Frequency Range (US & Canada):
2412-2472 MHz;

Maximum radio-frequency power transmitted: *22.50dBm*

Modulation type:

IEEE 802.11 b/g/n/ax

Installation requirements & recommendation

This device should only be installed in light fittings and fixtures that are designed to accept each fitting. Lamps, fittings and fixtures that are designed to accept smaller or lower wattage light bulbs may result in the LIFX bulb operating below its optimal capacity. For optimal performance it is recommended that LIFX bulbs be fitted into fixtures that provide sufficient air flow through and around the LIFX device. It is recommended that the LIFX bulb be installed away from other devices designed to receive or transmit radio signals. It is recommended LIFX bulb/s be installed and operated at a minimum distance of 30 cm from the body. For lamps with a weight significantly higher than that of lamps for which they are a replacement, attention should be drawn to the fact that the increased weight may reduce the mechanical stability of certain luminaires and may impair contact making and lamp retention.

Interference

LIFX has been designed to minimise interference with other radio, broadcast or receiving devices. The manufacturer is not responsible for any interference caused as a result of modifications to the product or by failure to adhere to the recommendations in this document and at support.lifx.com. This device generates radio frequency energy and, if not installed in accordance with the “recommended installation requirements” may cause harmful interference to radio communication devices. If the device is causing radio interference it is recommended that the user try:

- a. relocating the device to a different place;
- b. adjust the antenna on the receiving device;
- c. consult a technician experienced in radio interference.

Notices

- Installers should examine all parts that are not intended to be replaced by the retrofit kit for damage and replace any damaged parts prior to installation of the retrofit kit.
- THIS DEVICE IS NOT INTENDED FOR USE WITH EMERGENCY EXITS / NE CONVIENT PAS AUX SORTIES DE SECOURS
- Use in open luminaire only
- Only use the control provided with or

specified by these instructions to control this lamp. This lamp will not operate properly when connected to a standard (incandescent) dimmer or dimming control.

LIFX® is not designed for use in:

- Excessively hot environments (e.g. close to ovens, radiators, heaters, etc.)
- Regions or countries other than that in which the product was intended for
- Outdoor and wet areas, except where the LIFX® Product specifies that it is for both Indoor and Outdoor use.

When using LIFX

- Switch off the power supply to the socket and allow sufficient time for the bulb to cool before removing a LIFX bulb from the fitting
- Do not open device, as this will void the warranty
- Do not clean the device when it is powered on and or connected to the light socket
- If cleaning the product, use a soft dry cloth, do not use cleaning agents

Limited Warranty

General

Feit Electric Co (“LIFX”) warrants the LIFX bulb (the “Product”), and only the Product, against defects

in materials and workmanship under normal use (“Defect”) for a period of TWO YEARS (730 days) from the date of retail purchase by the original purchaser (“Warranty Period”). Under this Limited Warranty, if a defect arises and a valid claim is received by LIFX® within the Warranty Period, at its option and to the extent permitted by law, LIFX will either: 1. repair the Product at no charge, using new or refurbished replacement parts --or-- 2. exchange the Product with a new or refurbished Product.

In the event of a defect, to the extent permitted by law, these are your sole and exclusive remedies. A replacement Product or part assumes the remaining warranty of the original Product or ninety (90) days from the date of replacement or repair, whichever is longer. When a Product or part of the Product is exchanged, any replacement item becomes your property and the replaced item becomes LIFX’s property. Parts provided by LIFX in fulfilment of its warranty obligation

must be used in Products for which warranty service is claimed.

Exclusions & Limitations

This Limited Warranty applies only to the Product manufactured by or for LIFX that can be identified by the "LIFX trademark, trade name, or logo affixed to it. The Limited Warranty does not apply to any (a) LIFX products and services other than the Product, (b) non- LIFX hardware product, (c) consumables (such as batteries), or (d) software, even if packaged or sold with the Product or embedded in the Product. Refer to the licenses accompanying the software for details of your rights with respect to its use. LIFX does not warrant that the operation of the Product will meet your needs or requirements or be uninterrupted or error free. LIFX is not responsible for damage arising from failure to follow instructions relating to the Product's use or from failures resulting from inadequate electrical supply or internet access. This warranty does not apply to a Product or part of the Product that has been altered or modified (e.g. to alter functionality or capability) by anyone who is not a representative of LIFX or if the Product is inserted or installed in a casing not

provided by LIFX. In addition, this Limited Warranty does not apply to Defects or damage caused by (a) use with non-LIFX products; (b) accident, abuse, misuse, flood, fire, earthquake or other external causes or abnormal conditions; (c) operating the product outside the permitted or intended uses or conditions described by LIFX or with improper voltage or power supply; or (d) service (including upgrades and expansions) performed by anyone who is not a representative of LIFX. Recovery and reinstallation of software programs and user data are not covered under this Limited Warranty. This Limited Warranty does not cover the cost of returning the Product to LIFX; this is your responsibility. No LIFX reseller, agent, or employee is authorized to make any modification, extension, or addition to this Limited Warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

EXCLUSIVE WARRANTIES

THE WARRANTIES SET FORTH HEREIN ARE THE EXCLUSIVE WARRANTIES PROVIDED BY LIFX, AND EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED WARRANTIES (INCLUDING

WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON INFRINGEMENT) ARE HEREBY EXCLUDED.

LIMITATION OF DAMAGES

EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, LIFX SHALL NOT BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY USE OF THE PRODUCT OR BREACH OF EXPRESS OR IMPLIED WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY. LIFX'S LIABILITY FOR DAMAGES RESULTING FROM ANY USE OF THE PRODUCT OR BREACH OF EXPRESS OR IMPLIED WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY WILL BE LIMITED TO THE ORIGINAL COST PAID FOR OF THE DEFECTIVE PRODUCT.

Consumer Protection

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary by state to state.

Governing Law and Arbitration

This Limited Warranty shall be

governed by the laws of the State of California without giving effect to any conflict of laws principles that may provide the application of the law of another jurisdiction and without regard to the Convention on Contracts for the International Sale of Goods. Any claim or dispute in connection with this Limited Warranty shall be resolved in a cost effective manner through binding non appearance based arbitration. The arbitration shall be initiated through an established alternative dispute resolution provider mutually agreed upon by the parties. The alternative dispute resolution provider and the parties must comply with the following rules: a) the arbitration shall be conducted by telephone, online and/or be solely based on written submissions, the specific manner shall be chosen by the party initiating the arbitration; b) the arbitration shall not involve any personal appearance by the parties or witnesses unless otherwise mutually agreed by the parties; and c) any judgement on the award rendered by the arbitrator may be entered in any court of competent jurisdiction. If the foregoing arbitration clause does not apply for any reason, you agree

to submit to the personal jurisdiction of the state courts located within San Francisco County, California and the federal courts in the Northern District of California for the purpose of litigating all such claims or disputes, which courts shall have exclusive jurisdiction of such claims or disputes. Notwithstanding the foregoing, LIFX may seek injunctive or other equitable relief to protect its intellectual property rights in any court of competent jurisdiction

FEIT ELECTRIC CO. is the exclusive owner of rights and interests in and to the mark LIFX and the LIFX logo.
