

# LIFX Smart Mirror

Surface mount  
mirror

# Safety Instructions + Installation Guide

## SAVE THESE INSTRUCTIONS

### ⚠ Cautions:

#### IF YOU ARE WIRING YOUR MIRROR:

- Turn off the main power at the circuit breaker before installing the fixture in order to prevent possible shock.
- Double-check all connections to be sure they are tight and correct.
- Wear rubber soled shoes and work on a sturdy wooden ladder (if a ladder is needed).
- Consult a qualified electrician to ensure a correct branch circuit conductor.
- This product is designed for use in a circuit protected by a fuse or circuit breaker.

**WARNING: RISK OF FIRE.** Use only on 120 volt 60Hz circuits. Suitable for damp locations.

**WARNING: RISK OF SHOCK.** House electric current can cause painful shock or serious injury unless handled properly.

Before installing your lighting fixture, thoroughly review this installation manual. If you do not have sufficient electrical wiring experience, please refer to a do-it-yourself wiring handbook or have your fixture installed by a qualified licensed electrician. All electrical connections must be in accordance with Local and National Electrical Code (NEC) Standards. Reliable operating temperature is -4 °F to 104 °F.

**WARNING: RISK OF CUTS.** Some metal parts in the fixture may have sharp edges. To prevent cuts and scrapes, wear gloves when handling the parts.

Ensure you account for small parts and destroy packing material, as these may be hazardous to children.

*If you are unsure about your wiring or any other installation requirements, consult a qualified electrician or local electrical inspector, and check your local electrical code.*

### Get started

Download the LIFX app to begin.

GET VIDEO GUIDES & WALKTHROUGHS

Scan the code for easy guides or visit [lifx.com/getstarted](http://lifx.com/getstarted)

 Connects to your 2.4 GHz Wi-Fi network.

**! SUPER QUICK SETUP**

**This is your matter code.**  
You'll need this after installing your light and turning it on.

**Need extra help?**  
We've got tips & articles at [support.lifx.com](http://support.lifx.com) or you can chat with us live at [LIFX.com](http://LIFX.com)

**IMPORTANT!**  
Keep this code.

**IF WIRING, TURN OFF POWER**

Before touching any **wiring**, ensure the power is off at the switch *and* the fusebox or circuit breaker.

#### Included Hardware:

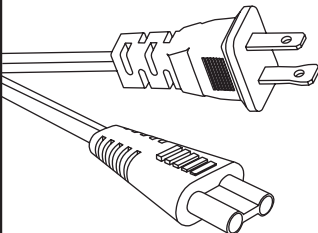

Part	Description	Qty.
	Mounting screws	2
	Plastic anchors	2
	Connectors	2
	Cable management strap	2
	Plug in cable	1
	Hardwire pigtail	1

#### You'll need (not included):

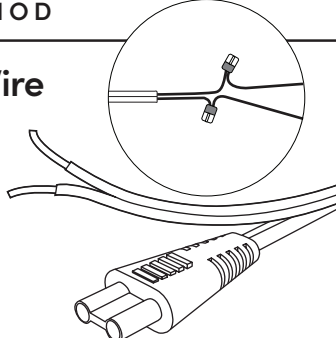

**CHOOSE YOUR INSTALLATION METHOD**

**Plug in**

**OR**

**Wire**

# Installing your Smart Mirror.

## PREPARE TO MOUNT YOUR MIRROR

### VERTICAL HANGING: USE THESE ANCHORS

### HORIZONTAL HANGING: USE THESE ANCHORS

## SCREW IN MOUNTING SCREWS

## 1 Measure & Mark

On the back of the mirror are 3 possible mounting points. Identify which you need to use based on the mounting diagrams provided here. (see left)

- Mark 2 points using the distances shown in the diagram (left) where you want the mirror to hang. Ensure these points are level.
- Make two holes at the marked locations. If using a drill, use a 5/16 drill bit.

## 2 Install Anchors & Screws

- Insert the anchors provided into the holes, fitting each tightly to the wall.

*\*Use suitable mounting hardware for your surface - included anchors are for install into drywall or similar materials.*

- Screw the mounting screws into the two anchors. Stop before each is fully screwed in, leaving a small space between the screw and the wall. *This is where the mirror brackets will slot in, so keep this gap narrow for maximum strength.*

## 3 Power your Mirror

EITHER

### 1. Plug in the fixture to an outlet

- Locate the cable with attached plug.
- Plug this into the product at the location that suits the required cable direction (see diagram A).
- Now plug in to your power outlet.

OR

### 2. Hardwire the fixture

**⚠ WHEN WIRING, ENSURE MAINS POWER IS OFF**

- Locate the hardwire pigtail and plug into the product (see diagram B)
- Take the connectors provided and wire the fixture as shown (see diagram C).
- Ensure wiring and connections are placed securely within a compliant junction box.

*NOTE: This fixture does not require a ground connection. Do not remove port covering on the unused plug port.*

**⚠ If you're not sure, consult a qualified electrician**

### 1. PLUG IN OPTION

IF YOUR PLUG OR HARDWIRED CONNECTION IS ABOVE THIS LINE, USE THE WIRE HOOK TO SECURE THE WIRE DURING INSTALLATION.

A

### 2. WIRED OPTION

C

LIFT ONTO SCREWS, SLIDE DOWN TO LOCK IN PLACE

D

BRACKET FRONT VIEW

BRACKET SIDE VIEW

PUT THE SCREW THROUGH THE + CUTOUT ON THE BRACKETS.

LOWER THE FIXTURE DOWN TO LOCK IT INTO PLACE.

## 4 Hang

- Align the brackets on the back of the product to the anchor points on the wall (see diagram D).
- Fit the screws through the '+' cutout on the corresponding two brackets.
- Let the fixture lower on the bracket to slot the screw into place.

If any concerns about weight, get a second person to help lift fixture onto wall.

## Power on your LIFX Mirror.

ON

TO UNLOCK SMART FEATURES

## Add your Mirror to the LIFX app.

### SUPER QUICK SETUP

- 1 Make sure the Mirror light is turned on.
- 2 Download the LIFX App and sign in.
- 3 Press the + button in the bottom right.

We'll guide you through from there.

You'll use the code on the front of this manual for quick setup in the LIFX app too.

### CONNECT WITH MATTER

Just scan the code on the front of this manual and pick the smart home platform you want to add your light to.

To use Matter home and away, you'll need a Google, Apple or other smart home hub that's Matter-enabled. Devices with older hardware may not be compatible.

Use the '+' to add new products, schedule lighting changes or to snapshot your current lighting and save as a Scene so you can trigger it again easily later.

## Tips

### Resetting the mirror to factory settings.

To reset the mirror, hold down the first three buttons, count 10 seconds, then release. The light will cycle through different colors indicating that a reset has been successful. This is how you would remove a light from a network to then add it to a new one.

### When setting up a new network / changing passwords.

If you've changed your Wi-Fi password or set up a new router with a new password, you will need to reset your light and connect it through the app as you did the first time. This is so you can assign the new, correct password for the security of each device.

Your Wi-Fi: Router 802.11 b/g/n/ax WPA2 security compatible

LIFX lights connect to your 2.4 GHz Wi-Fi frequency network, which most routers are compatible with. This offers better range and stability for devices. You may also have a 5 GHz connection, so if you're not sure which is which, check the current Wi-Fi you're connected to by pressing the Wi-Fi icon on your phone while connected and look at the listed details to find the frequency.

## USING THE BUTTONS

Control the LIFX Mirror with the pre-set buttons.

ON / OFF

CYCLE WHITE SHADES

MAKE UP CHECK

DE-FOG MIRROR

Use the Make-up Check to run a cycle of different lighting—from daylight to evening candlelight.

Turn on to remove Mirror Fog. This will automatically turn off.

### Customize your buttons.

Add the LIFX Mirror to the LIFX app and program the first three buttons to do multiple custom actions.

# Regulations & Compliance.

## FCC Compliance Statement U.S.

This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the FCC Rules. These limits provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used under the instructions, may interfere with radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and the receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not approved by LIFX can void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Contains **FCC ID: SYW-LCM4**

Supplier's Declaration of Conformity: 47 CFR § 2.1077 Compliance Information

**Responsible Party:** Feit Electric Company  
4901 Gregg Road, Pico Rivera, CA 90660, USA  
www.feit.com

Unique Identifier: LFX/MIRROR/3622/RP

## Changes & modification

Changes or modifications made to this device may void certification of the device. Changes or modifications made to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### Frequency Information

*Frequency Range (US & Canada): 2412-2462 MHz;*  
*Maximum radio-frequency power transmitted:*  
*22.50dBm*

*Modulation type : IEEE 802.11 b/g/n/ax*

## Installation requirements & recommendation

For optimal performance it is recommended that LIFX fixtures be fitted into locations that provide sufficient air flow through and around the fixture. It is recommended that the LIFX fixture be installed away from other devices designed to receive or transmit radio signals. It is recommended LIFX fixture/s be installed and operated at a minimum distance of 30 cm (12 in) from the body.

## Interference

LIFX has been designed to minimize interference with other radio, broadcast or receiving devices. The manufacturer is not responsible for any interference caused as a result of modifications to the product or by failure to adhere to the recommendations in this document and at support.lifx.com. This device generates radio frequency energy and, if not installed in accordance with the "recommended installation requirements" may cause harmful interference to radio communication devices. If the device is causing radio interference it is recommended that the user try:

- relocating the device to a different place;
- adjust the antenna on the receiving device;
- consult a technician experienced in radio interference.

## Notices

- This device is not intended for use with emergency exits
- Only use the control provided with or specified by these instructions to control this fixture. This fixture will not operate properly when connected to a standard (incandescent) dimmer or dimming control.
- Do not add additional load or weight to the fixture to avoid risk of mechanical instability.

LIFX is not designed for use in:

- Excessively hot environments (e.g. close to ovens, radiators, heaters, etc.)

- Regions or countries other than that in which the product was intended for outdoor and wet areas, except where the LIFX Product specifies that it is for both Indoor and Outdoor use.

## When using LIFX

- Switch off the power supply and allow sufficient time for the light to cool before touching the fixture.
- Do not open device, as this will void the warranty
- Do not clean the device when it is powered on. If cleaning the product, use a soft dry cloth, do not use cleaning agents

## Limited Warranty

### General

Feit Electric Co ("LIFX") warrants the LIFX fixture (the "Product"), and only the Product, against defects in materials and workmanship under normal use ("Defect") for a period of TWO YEARS (730 days) from the date of retail purchase by the original purchaser ("Warranty Period"). Under this Limited Warranty, if a defect arises and a valid claim is received by LIFX within the Warranty Period, at its option and to the extent permitted by law, LIFX will either: 1. repair the Product at no charge, using new or refurbished replacement parts --or-- 2. exchange the Product with a new or refurbished Product.

In the event of a defect, to the extent permitted by law, these are your sole and exclusive remedies.

A replacement Product or part assumes the remaining warranty of the original Product or ninety (90) days from the date of replacement or repair, whichever is longer. When a Product or part of the Product is exchanged, any replacement item becomes your property and the replaced item becomes LIFX's property. Parts provided by LIFX in fulfillment of its warranty obligation must be used in Products for which warranty service is claimed.

### Exclusions & Limitations

This Limited Warranty applies only to the Product manufactured by or for LIFX that can be identified by the "LIFX trademark, trade name, or logo affixed to it. The Limited Warranty does not apply to any (a) LIFX products and services other than the Product, (b) non-LIFX hardware product, (c) consumables (such as batteries), or (d) software, even if packaged or sold with the Product or embedded in the Product. Refer to the licenses accompanying the software for details of your rights with respect to its use. LIFX does not warrant that the operation of the Product will meet your needs or requirements or be uninterrupted or error free. LIFX is not responsible for damage arising from failure to follow instructions relating to the Product's use or from failures resulting from inadequate electrical supply or internet access. This warranty does not apply to a Product or part of the Product that has been altered or modified (e.g. to alter functionality or capability) by anyone who is not a representative of LIFX or if the Product is inserted or installed in a casing not provided by LIFX. In addition, this Limited Warranty does not apply to Defects or damage caused by (a) use with non-LIFX products; (b) accident, abuse, misuse, flood, fire, earthquake or other external causes or abnormal conditions; (c) operating the product outside the permitted or intended uses or conditions described by LIFX or with improper voltage or power supply; or (d) service (including upgrades and expansions) performed by anyone who is not a representative of LIFX. Recovery and reinstallation of software programs and user data are not covered under this Limited Warranty. This Limited Warranty does not cover the cost of returning the Product to LIFX; this is your responsibility. No LIFX reseller, agent, or employee is authorized to make any modification, extension, or addition to this Limited Warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

### EXCLUSIVE WARRANTIES

THE WARRANTIES SET FORTH HEREIN ARE THE EXCLUSIVE WARRANTIES PROVIDED BY LIFX, AND EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED WARRANTIES (INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT) ARE HEREBY EXCLUDED.

### LIMITATION OF DAMAGES

EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, LIFX SHALL NOT BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY USE OF THE PRODUCT OR BREACH OF EXPRESS OR IMPLIED WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY. LIFX'S LIABILITY FOR DAMAGES RESULTING FROM ANY USE OF THE PRODUCT OR BREACH OF EXPRESS OR IMPLIED WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY WILL BE LIMITED TO THE ORIGINAL COST PAID FOR THE DEFECTIVE PRODUCT.

## Consumer Protection

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary by state to state.

## Governing Law and Arbitration

This Limited Warranty shall be governed by the laws of the State of California without giving effect to any conflict of laws principles that may provide the application of the law of another jurisdiction and without regard to the Convention on Contracts for the International Sale of Goods. Any claim or dispute in connection with this Limited Warranty shall be resolved in a cost effective manner through binding non appearance based arbitration. The arbitration shall be initiated through an established alternative dispute resolution provider mutually agreed upon by the parties. The alternative dispute resolution provider and the parties must comply with the following rules: a) the arbitration shall be conducted by telephone, online and/or be solely based on written submissions, the specific manner shall be chosen by the party initiating the arbitration; b) the arbitration shall not involve any personal appearance by the parties or witnesses unless otherwise mutually agreed by the parties; and c) any judgement on the award rendered by the arbitrator may be entered in any court of competent jurisdiction. If the foregoing arbitration clause does not apply for any reason, you agree to submit to the personal jurisdiction of the state courts located within San Francisco County, California and the federal courts in the Northern District of California for the purpose of litigating all such claims or disputes, which courts shall have exclusive jurisdiction of such claims or disputes. Notwithstanding the foregoing, LIFX may seek injunctive or other equitable relief to protect its intellectual property rights in any court of competent jurisdiction.

# IMPORTANT SAFETY INSTRUCTIONS

This fixture has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

## Product Details

**Chromaticity co-ordinates:**  
**colored light**

$x < 0,270$  or  $x > 0,530$

$y < - 2,3172 x^2 + 2,3653 x - 0,2199$

or  $y > - 2,3172 x^2 + 2,3653 x - 0,1595$

Technical Requirements:

A device running **iOS 14.0+** or **Android 8.0+**

**A Wi-Fi internet connection.** Wi-Fi access point must be 802.11b, g, n or ax compliant with WPA2 security and a DHCP-configured connection available for every connected LIFX light.

 **50000**  
hours

High quality LEDs rated for 50,000 hours of use.

 **2.4 GHz**

Connects to your routers 2.4GHz Wi-Fi band.
