**These accessories connect to your
LIFX Outdoor Lighting setup.**

TOTAL = 144W

+24W +24W +24W

CALCULATE

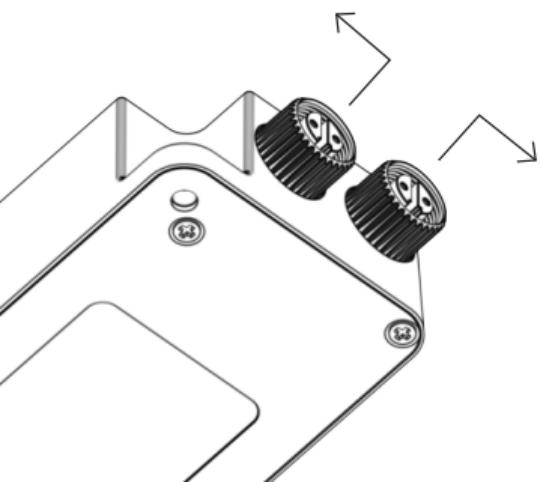

When adding to your Outdoor lighting
scan the code here to double check
your setup load and distances.

Incorrect calculations can impact color or
brightness performance.

Tips.

For larger installs, better performance can be provided by using both of the output connectors on the power supply to spread out products.

This helps to ensure higher brightness over a longer distance.

Mounting a Power Source Unit.

Adhesive:

When using the provided adhesive, ensure to thoroughly clean both surfaces before applying.

Screws:

- When installing into **masonry** such as bricks, ensure to use the provided metal wall anchors.

These are installed by holding the power supply in position marking the correct locations, drill 6.0mm holes and insert the metal anchors with a hammer. Attach PSU using included screws.

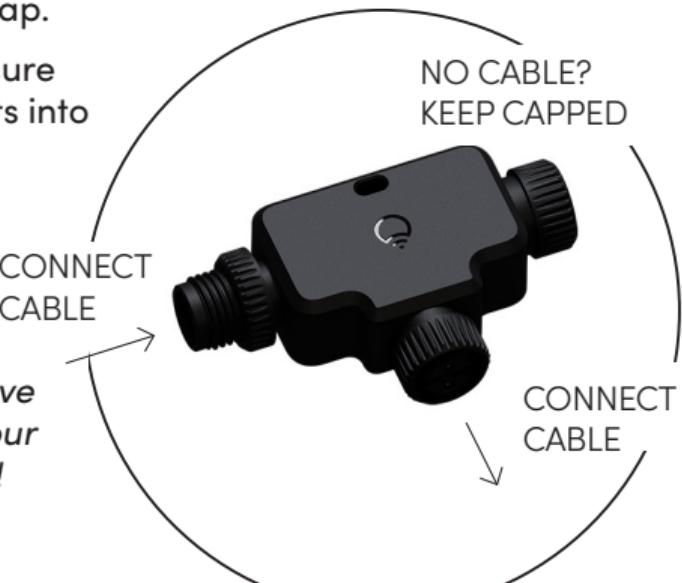

- When installing into **Timber**, simply use the attach screws.

Connecting cables to accessories:

T-Connectors: When using the LIFX T-Connector with included cables, ensure all connections are tightened and covered. Do not leave any unused connection without its cap.

This is to ensure no water gets into the unit.

Be sure you've tightened your connections!

Cautions:

- Ground Fault Circuit Interrupter (GFCI) protection is to be provided on the circuit(s) or outlet(s) to be used for the wet location portable luminaire. Receptacles are available having built-in GFCI protection and are able to be used for this measure of safety.
- Connect this product ONLY to other official LIFX Outdoor products (sold separately).
- Do not submerge, or install in flood prone areas. Ensure any lights in your setup are raised above ground level.
- Do not mount or place near gas or electric heaters, fireplace, candles, or other similar sources of heat.
- Do not secure the wiring of your LIFX setup with staples, nails, or sharp hooks. DO NOT DAMAGE THE WIRES.

READ AND FOLLOW ALL SAFETY INSTRUCTIONS

Warning:

1. To avoid risk of shock, always make sure the power is disconnected before assembling, disassembling, installing, relocating, servicing or cleaning LIFX Outdoor products.
2. Do not overload the LIFX Power Supply. Check the total Watts used by your connected LIFX products are within the load limit of your LIFX Power Supply. Allow 10% tolerance for distances over 20m.
3. Make sure all connectors are tightly secured to prevent water entry. Do not submerge.
4. The instructions in this manual are not intended to cover every possible installation, operation, maintenance, or mounting situation.

All powered up?

Download the LIFX App (if you haven't yet) **and sign in/up.**

Hit the + button in the bottom right and the app will guide you.

Your Wi-Fi:

Router	802.11 b/g/n	WPA2 security compatible
--------	--------------	--------------------------

LIFX lights connect to your 2.4 Ghz Wi-Fi frequency network, which routers can be set up for. This offers better range and stability for devices. You may also have a 5 Ghz connection, so if you're not sure which is which, check the current Wi-Fi you're connected to by pressing the Wi-Fi icon on your phone while connected and click to see details.

Connection troubles?

If your signal is weak, try moving your product near your router for setup as it will need a stable connection to complete. If you have lots of devices connected to your router, check the recommended amount.

Regulations & Compliance.

FCC Compliance Statement U.S.

This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the FCC Rules. These limits provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used under the instructions, may interfere with radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and the receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not approved by LIFX can void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation

is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Contains FCC ID: SYW-LCM4

Radiation Exposure Statement

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment.

Industry Canada Compliance.

LIFX complies with all applicable Industry Canada Standards. This Class B RFLD complies with the Canadian standard ICES-005.

Contains IC: 20416-LCM4 www.lifx.com/compliance

RF exposure warning

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Changes & modification

Changes or modifications made to this device may void certification of the device. Changes or modifications made to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Frequency Information

Frequency Range (US & Canada): 2412-2462 MHz;

*Maximum radio-frequency power
transmitted: 22.50dBm;*

Modulation type : IEEE 802.11 b/g/n/ax

Installation requirements & recommendation

This device should only be installed in light fittings and fixtures that are designed to accept each fitting. Lamps, fittings and fixtures that are designed to accept smaller or lower wattage light bulbs may result in the LIFX bulb operating below its optimal capacity. For optimal performance it is recommended that LIFX bulbs be fitted into fixtures that provide sufficient air flow through and around the bulb. It is recommended that the LIFX bulb be installed away from other devices designed to receive or transmit radio signals. It is recommended LIFX bulb/s be installed and operated at a minimum distance of 30 cm from the body. For lamps with a weight significantly higher than that of lamps for which they are a replacement, attention should be drawn to the fact that the increased weight may reduce the mechanical stability of certain luminaires and may impair contact making and lamp retention.

Interference

LIFX has been designed to minimize interference with other radio, broadcast or receiving devices. The manufacturer is not responsible for any interference caused as a result of modifications to the product or by failure to adhere to the recommendations in this document and at support.lifx.com. This device generates radio frequency energy and, if not installed in accordance with the "recommended installation requirements" may cause harmful interference to radio communication devices. If the device is causing radio interference it is recommended that the user try:

- a. relocating the device to a different place;
- b. adjust the antenna on the receiving device;
- c. consult a technician experienced in radio interference.

Notices

- This device is not intended for use with emergency exits
- Use in open luminaire only
- Only use the control provided with or specified by these instructions to control this lamp. This lamp will not operate properly when connected to a standard (incandescent) dimmer or dimming control.
- Added weight of the device may cause instability of a free standing portable luminaire. Use only with a portable table lamp that is provided with a shade.

LIFX is not designed for use in:

- Excessively hot environments (e.g. close to ovens, radiators, heaters, etc.)

- Regions or countries other than that in which the product was intended for
- Outdoor and wet areas, except where the LIFX Product specifies that it is for both Indoor and Outdoor use.

When using LIFX

- Switch off the power supply and allow sufficient time for the light to cool before touching the fixture.
- Do not open device, as this will void the warranty
- Do not clean the device when it is powered on. If cleaning the product, use a soft dry cloth, do not use cleaning agents

Limited Warranty

General

Feit Electric Co ("LIFX") warrants the LIFX bulb (the "Product"), and only the Product, against defects in materials and workmanship under normal use ("Defect") for a period of TWO YEARS (730 days) from the date of retail purchase by the original purchaser ("Warranty Period"). Under this Limited Warranty, if a defect arises and a valid claim is received by LIFX within the Warranty Period, at its option and to the extent permitted by law, LIFX will either: 1. repair the Product at no charge, using new or refurbished replacement parts --or-- 2. exchange the Product with a new or refurbished Product.

In the event of a defect, to the extent permitted by law, these are your sole and exclusive remedies. A replacement Product or part assumes the remaining warranty of the original Product or ninety (90) days from the date of replacement or repair, whichever is longer. When a Product or part of the Product is exchanged, any replacement item becomes your property and the replaced item becomes LIFX's property. Parts provided by LIFX in fulfilment of its warranty obligation must be used in Products for which warranty service is claimed.

Exclusions & Limitations

This Limited Warranty applies only to the Product manufactured by or for LIFX that can be identified by the "LIFX trademark, trade name, or logo affixed to it. The Limited Warranty does not apply to any (a) LIFX products and services other than the Product, (b) non- LIFX hardware product, (c) consumables (such as batteries), or (d) software, even if packaged or sold with the Product or embedded in the Product. Refer to the licenses accompanying the software for details of your rights with respect to its use. LIFX does not warrant that the operation of the Product will meet your needs or requirements or be uninterrupted or error free. LIFX is not responsible for damage arising from failure to follow instructions relating to the Product's use or from failures resulting from inadequate electrical supply or internet access. This warranty does not apply to a Product or part of the Product that has been altered or modified (e.g. to alter functionality or capability) by anyone who is not a representative of LIFX or if the Product is inserted or installed in a casing not provided by LIFX. In addition, this Limited Warranty does not apply to Defects or damage caused by (a) use with non-LIFX products; (b) accident, abuse, misuse, flood, fire, earthquake or other external causes or abnormal

conditions; (c) operating the product outside the permitted or intended uses or conditions described by LIFX or with improper voltage or power supply; or (d) service (including upgrades and expansions) performed by anyone who is not a representative of LIFX. Recovery and reinstallation of software programs and user data are not covered under this Limited Warranty. This Limited Warranty does not cover the cost of returning the Product to LIFX; this is your responsibility. No LIFX reseller, agent, or employee is authorized to make any modification, extension, or addition to this Limited Warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

EXCLUSIVE WARRANTIES

THE WARRANTIES SET FORTH HEREIN ARE THE EXCLUSIVE WARRANTIES PROVIDED BY LIFX, AND EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED WARRANTIES (INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON INFRINGEMENT) ARE HEREBY EXCLUDED.

LIMITATION OF DAMAGES

EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, LIFX SHALL NOT BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY USE OF THE PRODUCT OR BREACH OF EXPRESS OR IMPLIED WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY. LIFX'S LIABILITY FOR DAMAGES RESULTING FROM ANY USE OF THE PRODUCT OR BREACH OF EXPRESS OR IMPLIED WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY WILL BE LIMITED TO THE ORIGINAL COST PAID FOR THE DEFECTIVE PRODUCT.

Consumer Protection

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This

warranty gives you specific legal rights, and you may also have other rights that vary by state to state.

Governing Law and Arbitration

This Limited Warranty shall be governed by the laws of the State of California without giving effect to any conflict of laws principles that may provide the application of the law of another jurisdiction and without regard to the Convention on Contracts for the International Sale of Goods. Any claim or dispute in connection with this Limited Warranty shall be resolved in a cost effective manner through binding non appearance based arbitration. The arbitration shall be initiated through an established alternative dispute resolution provider mutually agreed upon by the parties. The alternative dispute resolution provider and the parties must comply with the following rules: a) the arbitration shall be conducted by telephone, online and/or be solely based on written submissions, the specific manner shall be chosen by the party initiating the arbitration; b) the arbitration shall not involve any personal appearance by the parties or witnesses unless otherwise mutually agreed by the parties; and c) any judgement on the award rendered by the arbitrator may be entered in any court of competent jurisdiction. If the foregoing arbitration clause does not apply for any reason, you agree to submit to the personal jurisdiction of the state courts located within San Francisco County, California and the federal courts in the Northern District of California for the purpose of litigating all such claims or disputes, which courts shall have exclusive jurisdiction of such claims or disputes. Notwithstanding the foregoing, LIFX may seek injunctive or other equitable relief to protect its intellectual property rights in any court of competent jurisdiction.

LIFX Power Supply Units

Minimum starting temperature.
